THE PROGRAM

The Art Studio program is designed to deliver a broad range of hands-on studio practices to the art major. Areas of focus include painting, sculpture, drawing, photography, ceramics, printmaking, and time-based media. Course choices/sequences are determined by the student according to major distribution requirements. Students are encouraged to explore a broad range of disciplines and are expected to take advantage of beginning classes which provide a critical introduction to the research possibilities within the major, across disciplines. In addition to studio classes, students are encouraged to participate in a distinguished visiting artist lecture series, professional practice seminars, student exhibitions/competitions, internships, and benefit from exposure to cultural events and exhibitions in Davis, Sacramento, and the Greater Bay Area.

PERFORMANCE EXPECTATIONS

A serious art studio major spends a significant portion of time in the studios after hours. He or she participates in extracurricular activities including, independent and group study, internships, visiting artist lecture series, student exhibitions etc.

LEARNING OUTCOMES

- Demonstrate proficiency in art in the utilization and application of materials, techniques and concepts.
- Demonstrate understanding of terminology relative to the field.
- Develop ability to experiment with independent creative projects within and between art mediums.

PORTFOLIOS

While portfolios are not required for admission to the art major, students at all levels are expected to maintain current portfolios of completed work in order to qualify and compete for the numerous internships, fellowships, grants, awards, and exhibitions the program has to offer, as well as to better prepare for the rigors of graduate school and/or an independent studio practice.

CAREER OPTIONS

Graduates of the Art Studio Program attend prestigious post-baccalaureate and graduate programs in studio art. Alumni often go on to develop professional studio practices. Commitment to the development of one's studio work leads to exhibition opportunities as well as accomplishments in the realm of fellowships, commissions, collaborations, and a host of other professional projects and opportunities. For the student wishing to explore additional arts-related trajectories, in the private or public sector, a studio arts education provides a strong foundation for careers and/or graduate work in K-12 art education, art therapy, arts administration, curatorial studies, set design, architecture, culinary arts, design, film, animation, and art criticism/journalism among others.

INDEPENDENT STUDY AND INTERNSHIPS

Independent Study (199), Internships (192), and Directed Group Study (198) are important components of the major, especially for those students anticipating attending graduate school, and/or launching a professional studio practice upon graduation.

Students who wish to complete an independent study (199) should develop a proposal for their project and submit the proposal to a faculty member with whom they wish to work for approval. Faculty generally meet with students several times during the quarter for critiques. Students are expected to work independently and are not given assignments by faculty.

Students may receive credits for internships that they complete by requesting a faculty sponsor for an internship course (192). Students obtain an internship and then seek approval from a faculty sponsor. Students can find internship opportunities through the Art Studio e-mail listserv, or the [Aggie Job Link](#) or by developing their own internship opportunities. Students interested in learning how to develop their own internship opportunities can speak with the faculty and staff advisor. Past internships have included studio assistants for professional artists, art teachers, gallery and museum assistants, art therapy interns and public art installations.

Directed group study courses can either be offered by a faculty member wishing to offer a course topic that is not part of the current art studio curriculum or by a group of students who develop a proposal and submit to a faculty sponsor for approval. Group study students are expected to work independently.

STUDY ABROAD

Students have many options for study abroad programs where they can complete major or general education requirements. Programs are available in many languages including English. The [Education Abroad Office](#) has information about the possible programs. Students who consult with their advisors prior to studying abroad are able to make plans that do not delay graduation. Financial aid and scholarships are available for students studying abroad. The department offers a program through [Summer Abroad](#) where students study drawing or painting in France.

STUDIOS

Advanced students wishing to work independently may apply each quarter for designated studio space in the art building. These spaces are for students who are committed to working independently throughout the quarter. Faculty visits as well as peer interactions require that

the studio culture be professional at all times. Students who do not use their studios at least 20 hours per week will be asked to leave. Examples of past work, along with an artist statement are requirements of the application, which is emailed to all art majors at the beginning of each quarter. Priority is given to seniors.

COMMUNICATION

Faculty and staff strongly recommended that students check their UC Davis e-mail daily. You may also want to join the student run Facebook group: UCD Art Majors/Art Lounge.

In addition to e-mail and Facebook, the Art Studio Program faculty and staff advisors host a **yearly orientation** for students wishing to deepen their experience in the major. Please watch for posters and announcements regarding the event, "Deepening the Major."

News, events, visiting artist lectures and course schedules are all listed on the website <http://artstudio.ucdavis.edu/>.

UNDERGRADUATE ART MAJOR AWARDS

Each year the Studio Program holds an Awards Exhibition, open to all art majors. Students are strongly encouraged to care for and document past work in preparation for this exhibition.

The Awards can be seen here: [2014 Art Studio Awards](#)

Awards are subject to change depending on funding in any given year.

HONORS

The Honors Program in the College of Letters and Science permits students to pursue a program of study in their major at a level significantly beyond that defined by the normal curriculum. It represents an opportunity for the qualified student to experience aspects of the major that are representative of advanced study in the field. Successful completion of the College Honors Program is a necessary prerequisite to consideration for the awarding of high or highest honors at graduation.

Entrance into the honors program requires that a student have completed at least 135 units with a minimum grade point average of 3.500 in courses counted toward the major. Other prerequisites for entrance into the program are defined by the major. The program consists of a project whose specific nature is determined by consultation with the student's major adviser. It may involve completion of a research project, a scholarly paper, a senior thesis, or some comparable assignment depending on the major. The project will have a minimum duration of two quarters and will be noted on the student's record by a variable unit course number (normally 194H or 199) or special honors course designation. Successful completion of the honors program requires that a minimum of six units of credit be earned in course work for the project.

The Art Honors program is comprised of 2- 4 units 199s in two consecutive quarters with the same instructor. Instructors of the 199 are consulted to find out if the student should get high or highest honors.

LECTURES

[Visiting Artist Lecture Series](#)

Each year the Studio Program brings approximately 8 professional artists, critics, and curators to lecture about their work and interact with students. While attendance to these lectures is often a requirement in many studio classes, students may also consider taking Art 195 - The Expanded Field-Visiting Artist Lecture Series for 1 unit per quarter.

Other artist lectures in the Greater Bay Area are also recommended and may, with permission of instructor, be approved as substitutes for required lectures in the case of scheduling conflicts.

At the TRV Center we strive to address the needs and concerns of the whole student. Whether your questions focus on academics, adjusting to UC Davis, or finding a referral to address specific issues and concerns, make the TRV Center your first stop and consider it your home while at UC Davis. Visit the website at <http://success.ucdavis.edu/trv> for more information.

Student Disability Center (SDC) UC Davis is committed to ensuring equal educational opportunities for students with disabilities. An integral part of that commitment is the coordination of specialized academic support services through the Student Disability Center (SDC). The SDC is staffed by professional disability specialists with expertise in various areas of disability: learning, vision, hearing, medical, psychological, and mobility. These professionals each work with an assigned caseload of students, determining their eligibility for academic accommodations and ensuring the provision of accommodations necessary to allow the students to participate meaningfully in educational opportunities on campus. For additional information visit <http://sdc.ucdavis.edu>.

Their website is <http://siss.ucdavis.edu>.

Information and Educational Technology (IET) The mission of Information and Educational Technology (IET) is to create and support an information technology environment that enhances the ability of the UC Davis community to teach, do research, and provide public service. In support of the University's mission, Information and Educational Technology will deliver an infrastructure of technological services appropriate to the requirements of the campus community. Go to <http://iet.ucdavis.edu> to learn about the various services that can help you navigate technology at UC Davis.

The Craft Center offers more than 90 classes each quarter, ranging from one-day workshops to seven-week courses. Our classes are small, providing lots of hands-on experience and one-on-one attention. We provide a comfortable, encouraging atmosphere in which you can explore and develop creative skills. After developing a skill, you may use our facilities on your own time with day-use or quarter-use passes. See the website at <http://cru.ucdavis.edu/craftcenter>.

The UC Davis Arboretum is a 95-acre living museum with a documented collection of more than 22,000 trees, shrubs and perennials for use in teaching and research, arranged in a series of gardens along Putah Creek's historic north fork. Outstanding plant collections include Shields Oak Grove, Mary Wattis Brown Garden of California native plants, Ruth Storer Garden of flowering perennials and shrubs, T. Elliot Weier Redwood Grove and Arboretum Terrace home demonstration garden. Arboretum education programs promote sustainable and environmentally appropriate gardening practices. Internships are available in nursery management, landscape design and maintenance, environmental education, conservation biology, Integrated Pest Management (IPM) and Geographic Information Systems (GIS). More information can be found at <http://arboretum.ucdavis.edu>.

The Davis/Berkeley Shuttle provides transportation between the University of California Davis and Berkeley campuses for UCD/UCB faculty, staff and registered students. The Intercampus Bus service runs year around, seven days a week, with the exception of some holidays. The schedule for the Intercampus Bus service is available on our Shuttle Schedule page. The bus also carries interlibrary loan material and intercampus mail to and from the Davis campus and the Berkeley campus. The bus service may not be used for commuting to a place of non-UCD/UCB employment or by non-UCD/UCB personnel. Reservations are required. Search <http://fleet.ucdavis.edu/davisberkeleyshuttle> for more information.

Transportation and Parking Services (TAPS) facilitates the access and mobility needs of the campus community through coordination between TAPS units and other campus departments and non- university entities, and ensures that services are provided in a professional, efficient, and service- oriented manner. For information on parking services, including maps and rates, see the TAPS Web site at <http://www.taps.ucdavis.edu/parking.htm>.

The Community Housing Listing (CHL) is a service offered through the ASUCD Student Services Office. CHL maintains a database of off-campus housing listings. This database is accessible through the World Wide Web and also in binders kept at the ASUCD Student

Services Office. Davis Model Leases, Davis maps, Model Inventory & Inspection forms, Sublease Agreements, Lease Attachments for houses & duplexes, and Security Deposit Accounting forms are also available. For a nominal fee, anyone can add a listing to the CHL database, and everyone can view our listings either online or at the ASUCD Student Services. The website is <http://chl.ucdavis.edu>.

Student Health and Counseling Services (SHCS) provides UC Davis students with wellness, illness, and injury care, and counseling services. Medical Services are available to all registered students, regardless of insurance. Services include preventative/self-care, primary care and specialty care. Urgent, same-day and scheduled appointments are available depending on the severity of the health problem. For student convenience, an in-house pharmacy, diagnostic laboratory, x-ray facility and insurance services are also available. Students pay small fees for most services. All Medical Services are located at the Student Health and Wellness Center. SHCS Counseling Services was formerly known as Counseling and Psychological Services or CAPS. Individual Counseling and Group Counseling services are available. Individual Counseling is confidential short-term therapy available to all registered UC Davis students at no charge. Individual Counseling appointments are located at North Hall. Group Counseling is available to help students deal with stress, assertiveness, self-esteem, shyness, intimacy, loss, and eating concerns. Group services are a great way to meet with other students who can relate to one another. Students will find a forum of peer support, gaining strength as they share their feelings and experiences with other students who are facing the same obstacles as themselves. Groups typically consist of 4-10 students meeting weekly and are available to all registered UC Davis students. See <http://shcs.ucdavis.edu> for more information on both health and counseling services.
