In DES 225, students work together on a collective project to design through an iterative process. Design projects are geared towards relevance in contemporary social, cultural + political contexts. The 2017 course is taught by Glenda Drew.

Exit Through The Bathroom works are informed + inspired by the UCD Campus Community Book, *Redefining Realness*, by Janet Mock.

Exit Through the Bathroom will also be on display at the Mondavi Center for the Performing Arts in honor of Janet Mock's presentation on February 5, 2018.
