DES 192 INTERNSHIP DOCUMENTATION INSTRUCTIONS

Paperwork must be completed, signed, and turned in to the Advising Office in order to obtain the CRN. Registration must be complete by last day to add. (12th day of the quarter)

OBJECTIVES OF DESIGN INTERNSHIP CREDIT:
Encourage students to obtain applied learning experience, which will complement and enhance the traditional educational process. The experience should aid the student in the exploration of potential career opportunities and assist in clarifying the student’s personal and educational goals.

To obtain academic credit (units) for an internship, you must:
• Have completed 84 units. If you have not completed 84 units, go to the Internship and Career Center (2nd floor South Hall) to discuss “Transcript Notation.”

• Find a position with a Design business/company/organization (may be paid or volunteer) where you will have hands-on design work and will be supervised by an art or creative director (front desk/answering phones experience is valuable, but will not get academic credit).
  -NOTE: Students may receive units for only one quarter total of campus-based internship, unless there is a compelling reason for more than one.

• Ask a faculty member with expertise in the area of the proposed internship to sponsor you (note: the faculty member can only sponsor a limited number of internships per quarter so try to ask early) In order to sponsor you, faculty typically will want you to have taken a class with them previously. Possible sponsors include:

  Design Faculty
  Susan Avila
  Christina Cogdell
  Glenda Drew
  James Housefield
  Mark Kessler
  Tim McNeil
  Kosta Papamichael
  Simon Sadler
  Ann Savageau
  Michael Siminovitch
  Susan Verba
  Design Lecturers
  Barbara Molloy
  Gale Okumura
  DR Wagner
  John Driscoll
  Bob Morgan

• Fill out the accompanying paperwork. Obtain signatures from your faculty sponsor and your internship supervisor.

• Bring a copy of the paperwork to the Advising Office. At this point, you will be given a CRN to add these DES 192 units. Use SISWeb and the CRN to add the units. On the link “Change Grade Mode or Change Variable Units” you will change the units to reflect the number of units you and your faculty sponsor have agreed upon. Make sure you double check to see that the course is listed on your schedule and for the correct number of units.

• Number of units is determined by the number of hours you work. 30 hours of work during the course of a quarter equals 1 unit (or 3 hours per week); 60 hours equals 2 units and so
Design students may receive up to 6 units per quarter. All students may use a maximum of 12 units total of internship credit towards the 180 units needed to graduate.

- At the end of the quarter, fill out the evaluation form (on back side of this instruction sheet) with your internship supervisor and return it, with your written documentation (journal, paper, etc.) to your faculty sponsor by the last day of instruction.
