DES 192 INTERNSHIP DOCUMENTATION INSTRUCTIONS

Paperwork must be completed, signed, and turned in to the Advising Office in order to obtain the CRN. Registration must be complete by last day to add. (12th day of the quarter)

OBJECTIVES OF DESIGN INTERNSHIP CREDIT:
Encourage students to obtain applied learning experience, which will complement and enhance the traditional educational process. The experience should aid the student in the exploration of potential career opportunities and assist in clarifying the student’s personal and educational goals.

To obtain academic credit (units) for an internship, you must:
• Have completed 84 units. If you have not completed 84 units, go to the Internship and Career Center (2nd floor South Hall) to discuss "Transcript Notation."
• Find a position with a Design business/company/organization (may be paid or volunteer) where you will have hands-on design work and will be supervised by an art or creative director (front desk/answering phones experience is valuable, but will not get academic credit).
  -NOTE: Students may receive units for only one quarter total of campus-based internship, unless there is a compelling reason for more than one.
• Ask a faculty member with expertise in the area of the proposed internship to sponsor you (note: the faculty member can only sponsor a limited number of internships per quarter so try to ask early) In order to sponsor you, faculty typically will want you to have taken a class with them previously. Possible sponsors include:

  Design Faculty
  Susan Avila  Kosta Papamichael
  Christina Cogdell  Simon Sadler
  Glenda Drew  Ann Savageau
  James Housefield  Michael Siminovitch
  Mark Kessler  Brett Snyder
  Tim McNeil  Susan Verba

  Design Lecturers
  Barbara Molloy  John Driscoll
  Gale Okumura  Bob Morgan
  DR Wagner  Adele Zhang

• Fill out the accompanying paperwork. Obtain signatures from your faculty sponsor and your internship supervisor.
• Bring a copy of the paperwork to the Advising Office. At this point, you will be given a CRN to add these DES 192 units. Use SISWeb and the CRN to add the units. On the link "Change Grade Mode or Change Variable Units" you will change the units to reflect the number of units you and your faculty sponsor have agreed upon. Make sure you double check to see that the course is listed on your schedule and for the correct number of units.
• Number of units is determined by the number of hours you work. 30 hours of work during the course of a quarter equals 1 unit (or 3 hours per week); 60 hours equals 2 units and so
on. Design students may receive up to 6 units per quarter. All students may use a maximum of 12 units total of internship credit towards the 180 units needed to graduate.

- At the end of the quarter, fill out the evaluation form (on back side of this instruction sheet) with your internship supervisor and return it, with your written documentation (journal, paper, etc.) to your faculty sponsor by the last day of instruction.

REQUEST FOR APPROVAL OF INTERNSHIP FOR ACADEMIC CREDIT

Obligations of the student:

1. **Submit a detailed outline** of the proposed program including a statement of objectives and an explanation of the value of the internship to the student's total academic program.
2. Demonstrate to the faculty sponsor that you have adequate background to successfully complete this internship.
3. Actively participate in the field experience to a degree commensurate with the unit credit requested.
4. Fulfill all contractual obligations agreed upon with the faculty sponsor and department chairperson, including submission of required written work.
5. **Meet with faculty supervisor at least three times** during the quarter.

Obligations to the faculty sponsor:

1. Possess expertise in the area of the proposed internship including familiarity with the potential of the actual field experience.
2. Critically review the student's proposed program with special attention to the adequacy of the student's background and to the question of the enrichment of the student's academic program by the internship.
3. Evaluate the intern primarily on the basis of written work, which should fully demonstrate the intellectual value of the experience.
4. **Meet with student at least three times** during the quarter.
