DES 192 INTERNSHIP APPLICATION INSTRUCTIONS

Paperwork must be completed and CRN obtained by 12th day of instruction, the last day to add courses.

OBJECTIVES OF DESIGN INTERNSHIP CREDIT:

Encourage students to obtain applied learning experience, which will complement and enhance the traditional educational process. The experience should aid the student in the exploration of potential career opportunities and assist in clarifying the student's personal and educational goals.

TO OBTAIN ACADEMIC CREDIT (UNITS) FOR AN INTERNSHIP YOU MUST HAVE COMPLETED 84 UNITS OF COURSEWORK. If you have not yet completed 84 units, you will not receive credit for DES 192.

Instructions to register for DESIGN 192 Internship:

1. Find a position with a business/company/organization (may be paid or volunteer) where you will have hands-on design work and will be supervised by an art or a creative director (front desk/answering phones experience while valuable, will not get academic credit.)

2. Ask a DESIGN faculty member or lecturer with experience in the area of the proposed internship to sponsor you (note: the faculty member or lecturer can only sponsor a limited number of internships per quarter so ask early). In order to sponsor you, instructors will typically want you to have previously taken a class with them.

3. Fill out the attached paperwork. Obtain signatures from the DES faculty or lecturer serving as your “faculty sponsor” and from your internship supervisor.

4. Submit a copy to the DES advising staff in Art 101 before the 12th day of the quarter. Share one copy with the “faculty sponsor” and retain a copy for your records.

5. You will receive an email with the CRN needed to register for DES 192 units on Schedule Builder. After registering, you will need to go to “Change Variable Units” to input the number of units you and your internship supervisor and faculty sponsor have agreed upon. The system defaults to 1 unit. Confirm that the course is listed on your schedule and that you are registered for the correct number of units.

Number of units is determined by the number of hours you work. Typically, 30 hours of work during the course of a quarter equals 1 unit (or 3 hours per week); 60 hours equals 2 units and so on. Design students may receive up to 6 units per quarter. All students may use a maximum of 12 units of internship credit towards the 180 units needed to graduate.

At the end of the quarter, fill out the evaluation form (at the end of this instruction sheet) with your internship supervisor and return it, with your written documentation (journal, paper, etc.) to your faculty sponsor by the last day of instruction.
REQUEST FOR APPROVAL OF INTERNSHIP FOR ACADEMIC CREDIT

OBLIGATIONS OF THE STUDENT

1. Submit a detailed outline of the proposed program including a statement of objectives and an explanation of the value of the internship to the student’s total academic program.
2. Demonstrate to the faculty sponsor that you have adequate background to successfully complete this internship.
3. Actively participate in the field experience to a degree commensurate with the unit credit requested.
4. Fulfill all contractual obligations agreed upon with the faculty sponsor and department chairperson, including submission of required written work.
5. Meet with faculty sponsor at least three times during the quarter.

OBLIGATIONS OF THE FACULTY SPONSOR

1. Possess expertise in the area of the proposed internship including familiarity with the potential of the actual field experience.
2. Critically review the student’s proposed program with special attention to the adequacy of the student’s background and to the question of the enrichment of the student’s academic program by the internship.
3. Evaluate the intern primarily on the basis of written work, which should fully demonstrate the intellectual value of the experience.
4. Meet with student at least three times during the quarter.
