*According to some estimates, as many as 80% of jobs are not advertised to the public. What can you do to help you find these "hidden" jobs and internships in the arts? How comfortable are you contacting people you have never met or talking about yourself? In this workshop you will learn easy networking techniques to assist you with meeting new people during your search for internship and career opportunities in the arts.*

*Facilitated by the UC Davis Internship and Career Center.*
